

SPRING IS HERE - CORONA IS OVER – LET`S HAVE A PARTY!

Due to new rules in DK – you may only catch 1 cod each day!

Dansk Sportsdykker Forbund invites you all to join the Öresund cup - The 5th Battle of Copenhagen - 2022.

The 5th Öresund cup will as usual take place in an old military fort just outside the center of Copenhagen. Flakfort is known from: Slaget på reden (The battle of Copenhagen), in 1801 - a big ship battle between most of the English and the Danish + Norwegian fleet. The British Lord Nelson drew the victory and around 2500 men were killed during the 4 hours the battle lasted.

This Battle we will fight in May 2022, will not be as meaningless and cold-blooded, even thou it will last more than **6 hours**.

It will be a boat competition, with 3 spearoes in each boat - both team and individual. **There must be one from the team in the boat at all time - and the two in water *must* be connected to their buoys!!** Öresund is a place with a lot of current and a lot of boat and ship traffic - so therefore this rule! - GPS is allowed. All can mix up a team and participate.

Öresund is properly the best place to spearfish in Denmark in the spring and all the record cods are caught here. It is a place with lots of old shipwrecks and many grounds where the cod hangout in May. The fish can be found from 3 to 16 meters. May is also the period where the big turbot are in the shallow water and the Garfish spawn.

We will stay at **Flakfort**, where there are beds for 50 persons. Here in the restaurant (Flakfort), we also will enjoy the gala-dinner and have breakfast each day. Everything is set for some crazy days on the island in the middle of Öresund.

Each team must bring own boat!

If you wish to come and scout some days before, we have booked Flakfortet from Thursday morning and the logy here also cost 90 Euro a day (bed, bedding, dinner and breakfast).
